FOUNDER'S SELECT 2023 PREMIUM 4 GRAIN STRAIGHT RYE WHISKEY

750 mL | 90 Proof | 45% Alc/Vol

Available
JUNE
2023

A "pre-release" of our highly anticipated Ghostwood 4-grain Rye which will not be "officially" released until 2025-2026. At this point, the Ghostwood Rye has been aged to exactly 3 years and I've had so many requests for it, I decided to use our summer Founder's Select spot to allow people to check it out for themselves.

This Rye is unlike any other on the market, not simply because of its 4-grain mash bill, but also because it is a marriage of the best grains in Montana (Rye, Red Winter Wheat and Barley), mixed with the best corn I can find from my original state of Illinois. It is also aged in 53 gallon, Kelvin Cooperage barrels from Kentucky at a specific char level which will maximize its glorious flavor profile. It will be our first "Straight" whiskey offering and we are sparing no expense in its creation.

CHEERS!
